

Smt. Narsamma Hirayya Shaikshanik Trust

Estd. 1963

Trust Profile

Introduction

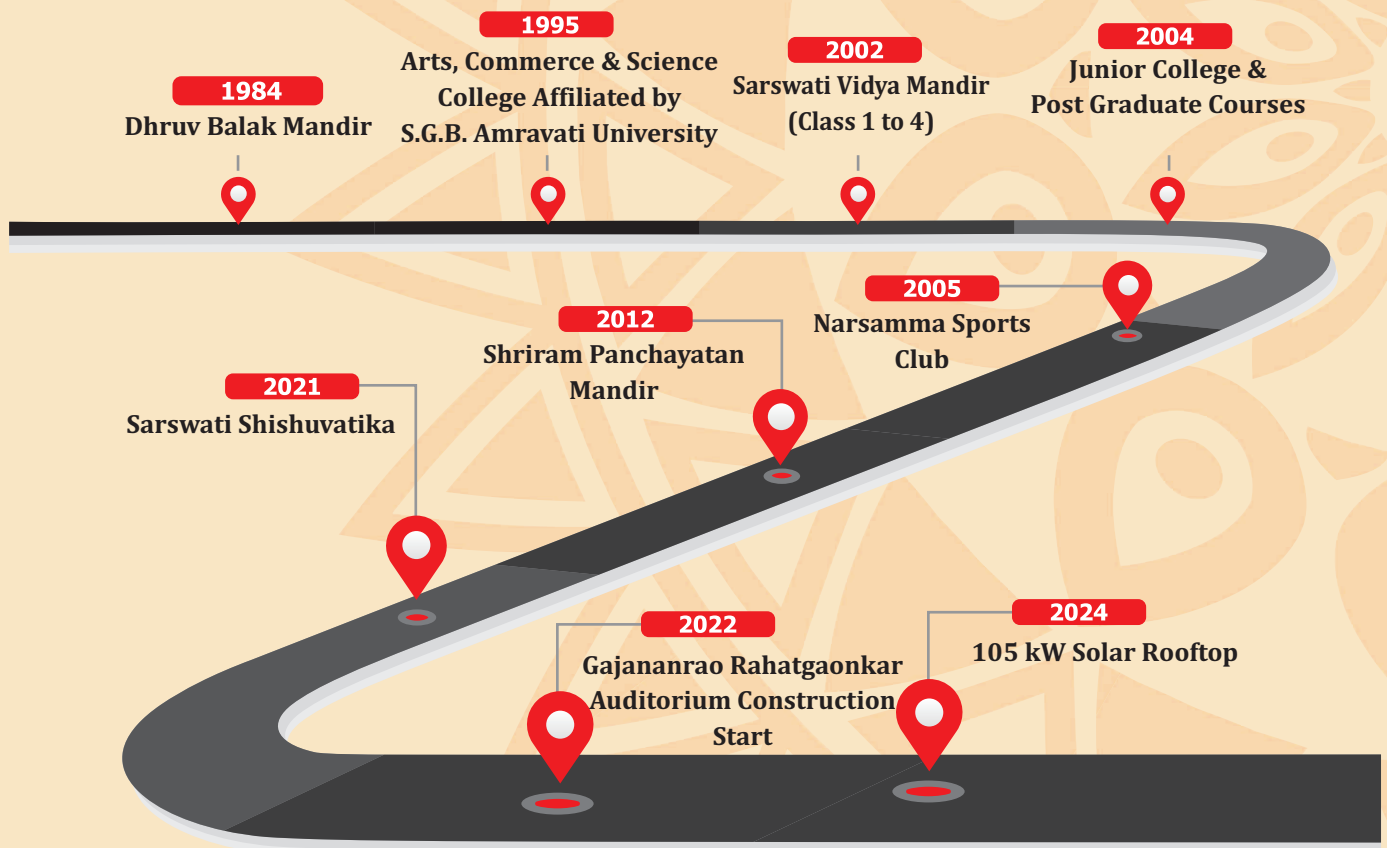

The Narasamma Educational Trust has been serving as a pillar of educational excellence since its establishment under the Public Trust Act 1950. Founded through the generous vision of late Smt. Narasamma Hiraiya Mannewar, who donated 12 acres of prime land in the heart of Amravati, our institution has grown from a modest Balak Mandir to a comprehensive educational complex. Today, we proudly serve as an academic hub that seamlessly blends traditional Indian values with modern educational practices, offering quality education from primary schooling to advanced research opportunities. Our campus stands as a beacon of hope for students from diverse backgrounds, particularly those from economically modest families and surrounding rural areas.

Developments

Founder Members

- Ravabahaddur Khare
- Smt. Narsamma Mannewar
- Prof. Chandrashekhar Shashti
- Gajananrao S. Rahatgaonkar
- Raghunath Vishnu Gurjar
- Ad. Kashinath Chandwaskar

Ex. President

- Ravabahaddur Khare
- Dr. Pandurangrao Alashi
- Vasudeorao Alis Bapusaheb Bhondur
- Dadaraoji Bhadke

Ex. Secretary

- Prof. Chandrashekhar Shashtri
- Shri. Suresh Alis Nanasaheb Chimanpure
- Balabhau Telang
- Shri. Raghunath Vishnu Gurjar
- Shri. Ravindra Gangadhar Khandekar

Present Executive Body

- President** : Chandrashekhar A. Bhondur, Hospitality, Vyankatesh Lawn & Hotel Mansarovar
- Vice-President** : Ravindra G. Khandekar, Retd. Professor and Social Worker
- Secretary** : Ram M. Mahajan, Builder, Jog-Mahajan Infrastructure Pvt. Ltd.
- Treasurer** : CA Shyam R. Rath, Director, Rath Career Forum Pvt. Ltd.
- Members** : Govind Pande, Retd. Bank Officer
Sunil W. Sarode, Businessman, Sarode Optical
Sau. Anitai Vyavhare, Music Teacher & Child Education Researcher
Dr. Kunjan Ved, Entrepreneur, Shri Vallabh Gases and Director Madhuram School,
Sunil N. Pathak, Director, dotCOM Infotech Pvt. Ltd. & Signify Technologies
Shrikant V. Kalikar, Retd. Professor, Govt. Polytechnic

Vission & Mission

Our vision is to create an educational ecosystem that serves as a cultural lighthouse, illuminating the path of academic excellence while nurturing ethical values and environmental consciousness. We are committed to preserving India's rich heritage while equipping students to meet the challenges of a rapidly evolving global landscape. The mission of our trust is threefold: first, to provide education that harmonizes traditional Indian values with cutting-edge technology; second, to foster sustainable practices that protect our environment; and third, to create opportunities that empower all sections of society. These objectives are underpinned by our core values of holistic development, cultural integrity, environmental conservation, academic excellence, and community engagement.

Our Core Values

Current Projects

Shriram Panchayatan Mandir

The Shriram Panchayatan Temple forms the spiritual nucleus of our campus, constructed according to the specific wishes of our founder Smt Narsamma. This sacred space serves as a constant reminder of the moral and ethical foundations that underpin our educational philosophy. The temple not only provides spiritual solace but also functions as a cultural center where students learn about India's rich heritage through regular religious and cultural activities.

Early Education Initiatives

Dhruv Balak Mandir

Dhruv Balak Mandir represents our self-sustaining pre-primary education program that emphasizes mother-tongue learning through innovative play-based methodologies. This initiative is particularly notable for its success in grounding young learners in traditional Indian values while developing their cognitive and social skills. The program's unique approach combines storytelling, folk games, and traditional art forms to create a learning environment that is both culturally rich and developmentally appropriate.

Sarswati Shishuvatika Preschool

Our Shishuvatika preschool operates on Vidya Bharati's renowned "Panchkoshiya Vikas" model, addressing all five dimensions of child development: physical, emotional, social, intellectual, and spiritual. The preschool has gained recognition for its innovative curriculum that blends modern early childhood education practices with traditional Indian learning systems. The program's holistic approach ensures that children develop not just academically but also as well-rounded individuals rooted in Indian culture.

Primary Education

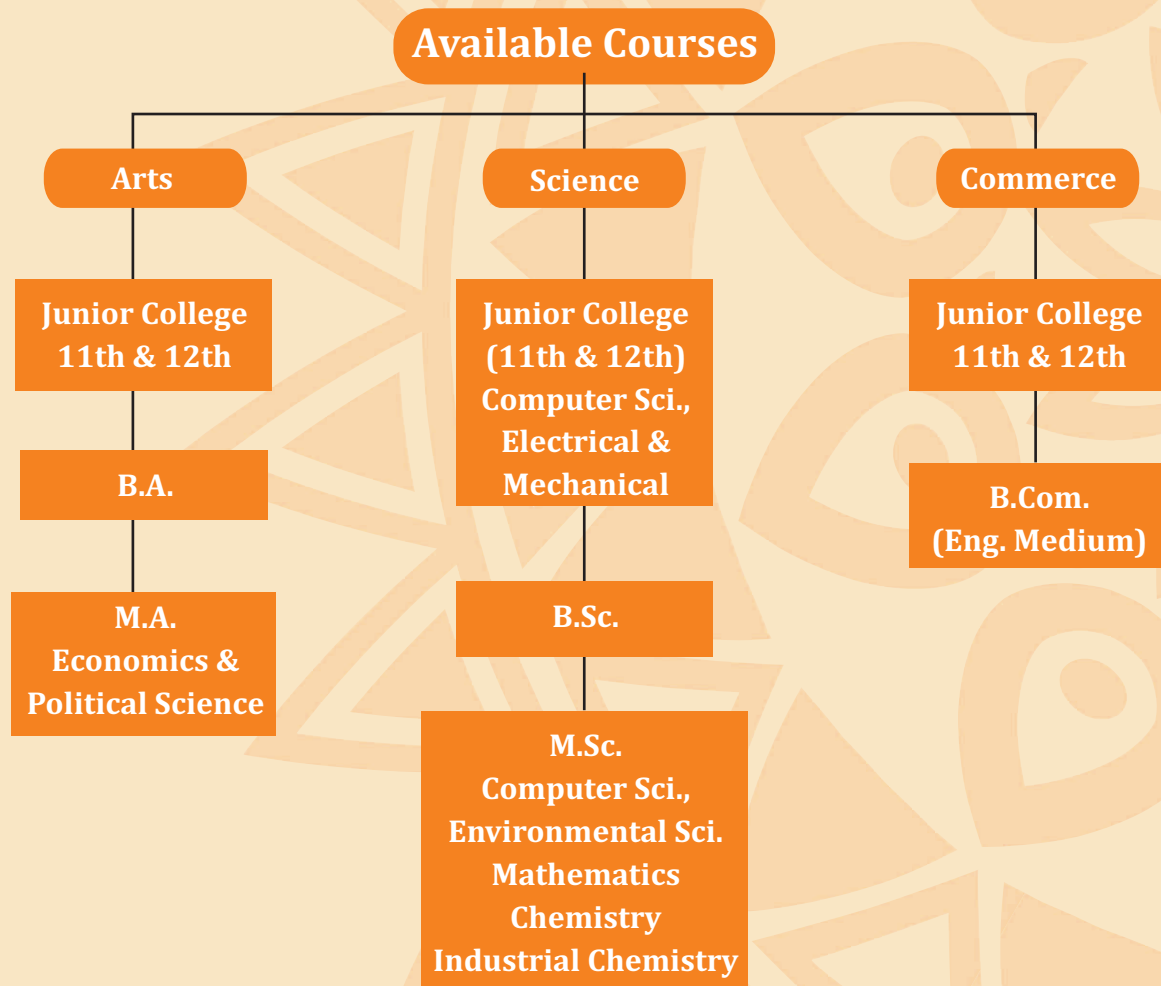

Saraswati Vidya Mandir

Saraswati Vidya Mandir stands as our primary education initiative, offering grant-aided schooling for grades 1 through 4. What sets this institution apart is its balanced approach that combines rigorous academic training with extensive co-curricular activities.

Heigher Education

Smt. Narasamma Arts, Commerce & Science College

The Smt. Narasamma Arts, Commerce & Science College represents the pinnacle of our educational offerings, holding NAAC 'B' Grade accreditation and affiliation with Sant Gadge Baba Amravati University. With over 1,500 students enrolled across various undergraduate programs, the college has established itself as a center of academic excellence in the region. Beyond conventional classroom teaching, the institution provides cutting-edge research facilities and industry-aligned skill development programs

Research Center -

The college also has a Research Centre and Testing Laboratory, which provides research and testing facilities to students and researchers.

Campus Heighlights

Academic Infrastructure

Our 10-acre campus boasts an impressive 27,000 square feet of modern academic infrastructure designed to facilitate optimal learning experiences. The facilities include digitally equipped smart classrooms, advanced science and computer laboratories, and a well-stocked library with both traditional and digital resources. Our campus encourage plastic free , reuse of papers, rain water conservation, use of solar energy to reduce carbon footprint and awareness about green and sustainable energy.

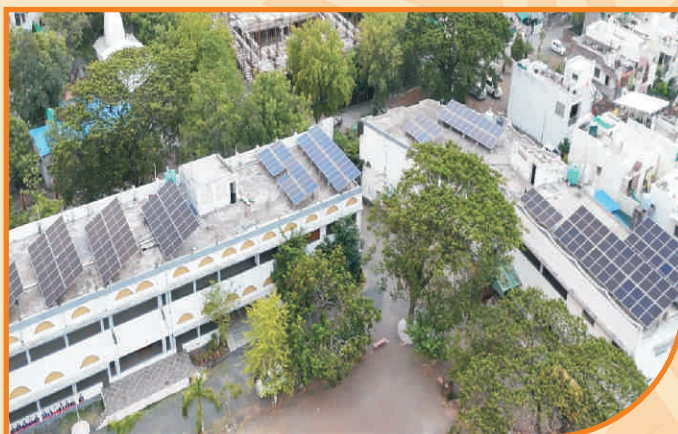

Sports Facilities

We have established a Narsamma Sports committee to enhance games and sports Facilities. We encourage games and sports in our students and the colonies around campus. The ground , walking and running track is open and free to use for the peoples around the campus.

Our unique approach integrates sports education with character development, emphasizing the values of teamwork, discipline, and perseverance that are inherent in traditional Indian sports philosophy.

Sustainability Initiatives

Environmental stewardship forms a core principle of our campus operations, exemplified by our 105 kW rooftop solar plant out of which 80 kw donated by GAIL India. This installation, complemented by 30 solar-powered streetlights, provides clean energy. We maintain a strict plastic-free policy across campus. Our students are sensitised for using plastic responsibly. Our paper reuse program has achieved particular success and appreciated by NAAC and other authorities. These initiatives collectively contribute to our recognition as a green campus while serving as practical lessons in sustainability for our students.

Annual Programs

Bal Sanskar Shivir

The annual Bal Sanskar Shivir represents our values, typically conducted during summer vacations. This 15 days camp is very popular among parents for an immersive experience in Indian culture and ethics. The curriculum includes yoga and meditation sessions, storytelling from Indian epics, workshops on traditional arts and crafts.

Chaitra Navratri & Ramnavami Celebrations

Our campus transforms into a vibrant cultural hub during the annual Chaitra Navratri and Ramnavami celebrations. These events, centered around our Shriram Panchayatan Temple, feature nine days of religious observances, cultural performances, and community feasts. The celebrations uniquely blend spiritual practices with cultural education, including daily lectures on Indian philosophy, bhajan, kirtan and traditional dance performances. These events regularly attract thousands of visitors from across the region, serving as both a religious gathering and a showcase of Indian cultural heritage.

Foundation Day (26 September)

The Foundation Day celebration on 26th September marks the anniversary of our trust's establishment with a series of special events and initiatives. The day typically begins with an address by our chairman reviewing institutional achievements and future plans, followed by awards for outstanding students and faculty. This program features social awareness programs and addressing current community issues.

Media Dialogues

Our Media Dialogues program brings together journalists, educators, and policymakers for insightful discussions on contemporary educational challenges. These sessions have gained recognition for their frank and productive exchanges on topics ranging from implementation of new education policies to the role of media in shaping educational narratives. The dialogues serve the dual purpose of keeping our faculty informed about current trends while providing media professionals with grassroots perspectives on education issues.

NEP 2020 Workshops

In response to the National Education Policy 2020, we conduct regular workshops to facilitate its smooth implementation across our institutions. These sessions bring together educators from our schools and college with external experts to develop practical strategies for curriculum integration. The workshops have been particularly successful in adapting the policy's multidisciplinary approach to our existing programs while maintaining our distinctive cultural focus.

Upcoming Projects

Late Shri Gajananrao Rahatgaonkar Memorial Auditorium

The forthcoming Late Shri Gajananrao Rahatgaonkar Memorial Auditorium represents a significant addition to our campus infrastructure. This state-of-the-art 500-seat facility, scheduled for completion in December 2025, will be entirely powered by solar energy. The auditorium complex will house several specialized facilities including the Bharatiya Gyan Abhyasik (Indian Knowledge Center), which will serve as a repository of traditional Indian knowledge systems. Additionally, it will feature a fully equipped competitive exam preparation center and a dedicated art gallery showcasing student work and local cultural artifacts.

Navbharat Gurukulam

Navbharat Gurukulam, set to launch in the 2026-27 academic year, represents our ambitious venture to establish India's first Marathi-medium CBSE school. This innovative institution, to be built on a dedicated 3-acre plot within our campus, has already received its Letter of Intent from the Maharashtra government. The curriculum will pioneer a unique blend of traditional Indian knowledge systems with modern STEM disciplines, including specialized programs in AI, Robotics, and Space Technology. What makes this project particularly noteworthy is its commitment to delivering CBSE-standard education while maintaining strong cultural roots and instruction in the mother tongue.

Future Roadmap

Sports Expansion

Ongoing campus enhancement projects focus on creating more inspiring learning environments while preserving our cultural identity. Our botanical garden project aims to cultivate over 200 species of medicinal plants mentioned in ancient Indian texts, serving both educational and conservation purposes. The library modernization includes digitization of rare Indian manuscripts alongside upgrades to digital resource access.

Campus Upgrades

Ongoing campus enhancement projects focus on creating more inspiring learning environments while preserving our cultural identity. Our botanical garden project aims to cultivate over 200 species of medicinal plants mentioned in ancient Indian texts, serving both educational and conservation purposes. The library modernization includes digitization of rare Indian manuscripts alongside upgrades to digital resource access.

Digital Transformation

Our digital upgrade initiative focuses on creating smart classrooms equipped with interactive whiteboards, augmented reality tools, and AI-assisted learning systems. Laboratory modernization includes procurement of advanced equipments for our laboratories. A special emphasis is being placed on developing digital resources for Marathi-medium education, addressing a significant gap in regional language educational technology.

Join Our Journey

We extend an open invitation to join our educational mission that harmonizes tradition with innovation. Corporate partners can explore meaningful CSR collaborations in areas like infrastructure development, scholarship programs, or community outreach initiatives. Individual supporters may contribute through volunteering, mentorship programs, or specific project sponsorships. For detailed information about any aspect of our work or partnership opportunities, please contact our administrative office. Together, we can continue building an educational model that prepares students for global success while keeping them rooted in Indian values and culture.
